

## **Leavin'**

© 2007 Peoples Collective Publishing

I want to ride that train  
I want to take a flight  
But come in from the rain  
And fly into the light  
I do I feel some pain  
When I begin to cry  
I begin to cry

### *Chorus*

*I think about leavin' tomorrow  
I've got to go  
And find my way  
I think about leavin' here tomorrow  
I've got to go  
And find my way*

When I feel most like  
A sorta groovy way  
I feel it late at night  
And at the top of day  
It's when I go unwind  
It's when I seize the day  
When I seize the day

### *Chorus*

This is my ode to soul  
And yes it holds belief  
To take a hold  
Just beyond the reach  
Can I meet my goals  
Can I stand the heat  
Well can I stand the heat

### *Chorus*
